GOAL SUMMARY

Goal	Target Amount	By Year	Probability	Status
Investment Target	\$250,000	2036	88%	On Track
Retirement	\$1,260,000	2061	74%	On Track
Home Purchase	\$100,000	2031	55%	Needs Attention
Sabbatical Fund	\$50,000	2036	31%	At Risk

YOUR ACTION PLAN

- Investment Target**
You are well-positioned for Investment Target. Maintain your current savings rate.
- Retirement**
You are well-positioned for Retirement. Maintain your current savings rate.
- Home Purchase**
Your Home Purchase goal needs attention. Consider increasing contributions or adjusting your target. Saving \$500/mo more would improve your odds by 13 percentage points.
- Sabbatical Fund**
Your Sabbatical Fund goal is at risk. A meaningful change in savings rate or timeline is recommended. Adding \$500/mo would improve your odds by 14 percentage points.

Is it worth saving \$500 more per month?

Investment Target: 88% -> 93% (+5pp)
Retirement: 74% -> 81% (+7pp)
Home Purchase: 55% -> 68% (+13pp)
Sabbatical Fund: 31% -> 45% (+14pp)
